

IBS Center for Geometry and Physics

THEMATIC PROGRAM on the MATHEMATICS of QUANTUM FIELD THEORY

Number Theory and Quantum Field Theory

August 22 - 26, 2016

Mini-Course Lecturers

Francis Brown (University of Oxford, IHES)

Philip Candelas (University of Oxford)

Xenia de la Ossa (University of Oxford)

Plenary Speakers

Jennifer Balakrishnan (University of Oxford)

Tudor Dimofte (UC Davis)

Yvonne Geyer (University of Oxford)

Sergei Gukov (California Institute of Technology)

Yang-Hui He (City University London, Nankai University, University of Oxford)

Hiroshi Iritani (Kyoto University)

Shamit Kachru (Stanford University)

Minhyong Kim (University of Oxford)

Albrecht Klemm (University of Bonn)

Masanori Morishita (Kyushu University)

Adriana Salerno (Bates College)

Philsang Yoo (Northwestern University)

Jeehoon Park (POSTECH)

Organizers

Philip Candelas (University of Oxford)

Dmitry Kaledin (Steklov Mathematical Institute, Independent University of Moscow)

Minhyong Kim (University of Oxford)

Xenia de la Ossa (University of Oxford)

Jae-Suk Park (IBS Center for Geometry and Physics, POSTECH)

Jeehoon Park (POSTECH)

Venue

POSTECH Information Research Laboratories 122
